

# PA SYSTEM CVI8-32E/A

**With a little expenditure your existing public address or voice alerting system becomes a social and economic factor within your operating processes.**

## A PUSH OF THE BUTTON IS ALL IT TAKES ...

... when I need help, when I need information,  
if I am looking for a sales consultant,  
... for making calls on site, to increase customer service and to  
increase the efficiency of employees' work.

The use of the new CVI8-32E /A \* PA system offers these and many more advantages in the widest range of service areas. Contact a member of our sales staff to draw up a PA system tailored to your needs, or send in a quotation request based on the following information and concept recommendations!

## The benefits lie in the intelligibility of the speech

- \_ Voice call conveys unmistakable information to the recipient
- \_ The effected voice call provides a clear indication and confirmation of the caller's action
- \_ The speaking voice evokes confidence and stands out clearly from the static
- \_ The intelligibility facilitates the assignment of priority
- \_ The voice call and the associated announcement can promote team spirit
- \_ Multilingual text in voice calls can overcome language barriers
- \_ Good and harmonious spoken text can have a calming effect
